Overview :

The Pegasus PS3256 cordless 2D imager offers the complete data which could be captured and helps in functionality requirement to secure everyday data processes.This device is comfortable and easy-to-use, this single device can capture all common barcodes (1D, PDF417, QR, Datamatrix etc) on labels as well as on mobile phone displays while staying connected wirelessly. PS3256 also offers the features to iPhone iOS and Android compatibility, This device can transmit data to smart phones, tablets, and PC's.

Pegasus PS3256 is equipped with two profiles for data transmission to a Bluetooth hosting device. The SPP profile allows the user to use a data loading tool and configure some Bluetooth transmission settings. If the is any direct transmission without using any tools, the HID profile will fit the immediate wireless transfer needed.

PART No : AAAAA0

PART No : ABAAA0

PART No : ACAAA0
